

Electric Vehicle (EV) Fast Track Funding Lane

EV Fast Track

EV Public Charging

Hydrogen

EV Jump Start

EnerglIZE and EV Fast Track

EnerglIZE Commercial Vehicles (Energy Infrastructure Incentives for Zero- Emission Commercial Vehicles) is the nation's first commercial vehicle fleet infrastructure incentive project. Funded by the California Energy Commission's Clean Transportation Program and implemented by CALSTART, EnerglIZE provides incentives for zero-emission vehicle (ZEV) infrastructure equipment for medium- and heavy-duty (MD/HD) battery electric and hydrogen fuel cell vehicles operated and domiciled in California.

EV Fast Track is one of four funding lanes under EnerglIZE. The application process is first come, first serve. Commercial fleet users interested in deploying electric charging infrastructure for MD/HD electric vehicles may be eligible for up to \$500k of funding per project.

Increased Incentives for Eligible Applicants

Commercial fleet users that meet one or more of the eligibility criteria listed under EV Jump Start may apply under EnerglIZE's other three funding lanes and may be eligible for a unique incentive structure (up to \$750k per project) defined under EV Jump Start.

For more information, please review the Implementation Manual on [EnerglIZE.org](https://www.energlize.org).

Eligibility

Commercial fleet users that meet the criteria below are eligible for MD/HD infrastructure incentives through the EV Fast Track funding lane:

- Must provide proof of commercial battery electric vehicle ownership with State of California registration, OR
- A MD/HD electric vehicle purchase order
Note: Vehicles may be purchased with support from State or Federal vehicle incentive projects including, but not limited to: HVIP, Carl Moyer, AB617, CORE, VW, TA Low No, EPA DERA, TIRCP, CALSTEP, CMO, and other incentive projects.

What is Covered

50% of Eligible Equipment and Software Costs

\$500,000 Project Cap

EV Equipment

- Level 2 Electric Vehicle Supply Equipment (EVSE)
- DC Fast-Charge EVSE
- Charge Management Software

Make Ready

- Switchgears
- Electrical Panel Upgrades
- Wiring and Conduit
- Meters

How to Apply

Submit your application during the EV Fast Track application window.

Get in Touch

Get Support

Get Started

Submit your Application

1

Visit the EnerglIZE website at [EnerglIZE.org](https://www.energlize.org) for a list of upcoming workshops, videos, and resources to help with the application process.

2

Navigate to the Infrastructure Readiness Center through [EnerglIZE.org](https://www.energlize.org) to view the Implementation Manual, and other documents required to submit an application.

3

Check the EnerglIZE website to see when the application window opens and begin uploading required documents with your application.

4

Submit your application through the EnerglIZE website during the EV Fast Track application window.
